## Insurance Requirement Checklist for IVIG

Getting your patients on to the therapies they need quickly and efficiently is our specialty. To help, we have put together a checklist to make sure you include everything needed to get your patient on to immunoglobulin (IG) therapy as quickly as possible.

### Let's get started!

**Step 1:** Gather prescription and clinical documentation

**Step 2:** Fax signed prescription and clinical documents to **562.222.3320**. You can also ecribe prescriptions to **California Specialty Pharmacy**, NCPDP: 5638246, NPI: 1114239332.

Our team will follow-up within a few short hours, but if you have any questions about the referral or required documents, contact your California Specialty Pharmacy representative or call us at **877.602.7779**.

### Typical insurance requirements:

- ☐ Patient demographic information
- ☐ ICD-10 code *(make sure script and clinical notes have same code listed)*
- ☐ Copy of insurance card *(front and back)*
- ☐ Signed referral form and/or prescription
- ☐ Clinical notes *(2-3 most recent)*
- ☐ Any lab work pertaining to the diagnosis
- ☐ Documentation of tried and failed therapies

## Additional disease-specific requirements that may be necessary:

### Myasthenia gravis (MG)

#### Typical ICD-10 codes:

G70.01 G70.00 MG

If these labs are available, please send along with documentation:

- Positive antibody labs: AChR, MuSK, LRP4, Striational antibodies
- Single Fiber Electromyography (SFEMG) showing abnormal jitter
- Tensilon Test (edrophonium test)
- Chest CT (for thymoma)

### Chronic inflammatory demyelinating polyneuropathy (CIDP)

ICD-10 code: G61.81

If these labs are available, please send along with documentation:

- EMG/NCS (Electromyogram/Nerve Condition Study) with impression/conclusion consistent with CIDP
- Lumbar puncture/spinal tap showing elevated CSF protein, negative VDRL
- Weakness in one or more limb

### Multiple Sclerosis (MS)

ICD-10 code: G35.0

- Documentation of 2-3 tried and failed therapies.
